WALL OF CHARITY

'Charity' what does it really mean? It is the attitude of helping others, it is the act of giving away things that we don't use, to needy ones. It involves giving useful things to the needy people. We, as students learn Charity in our school. Charity is always a good thing that all people should practise and advise others to follow.

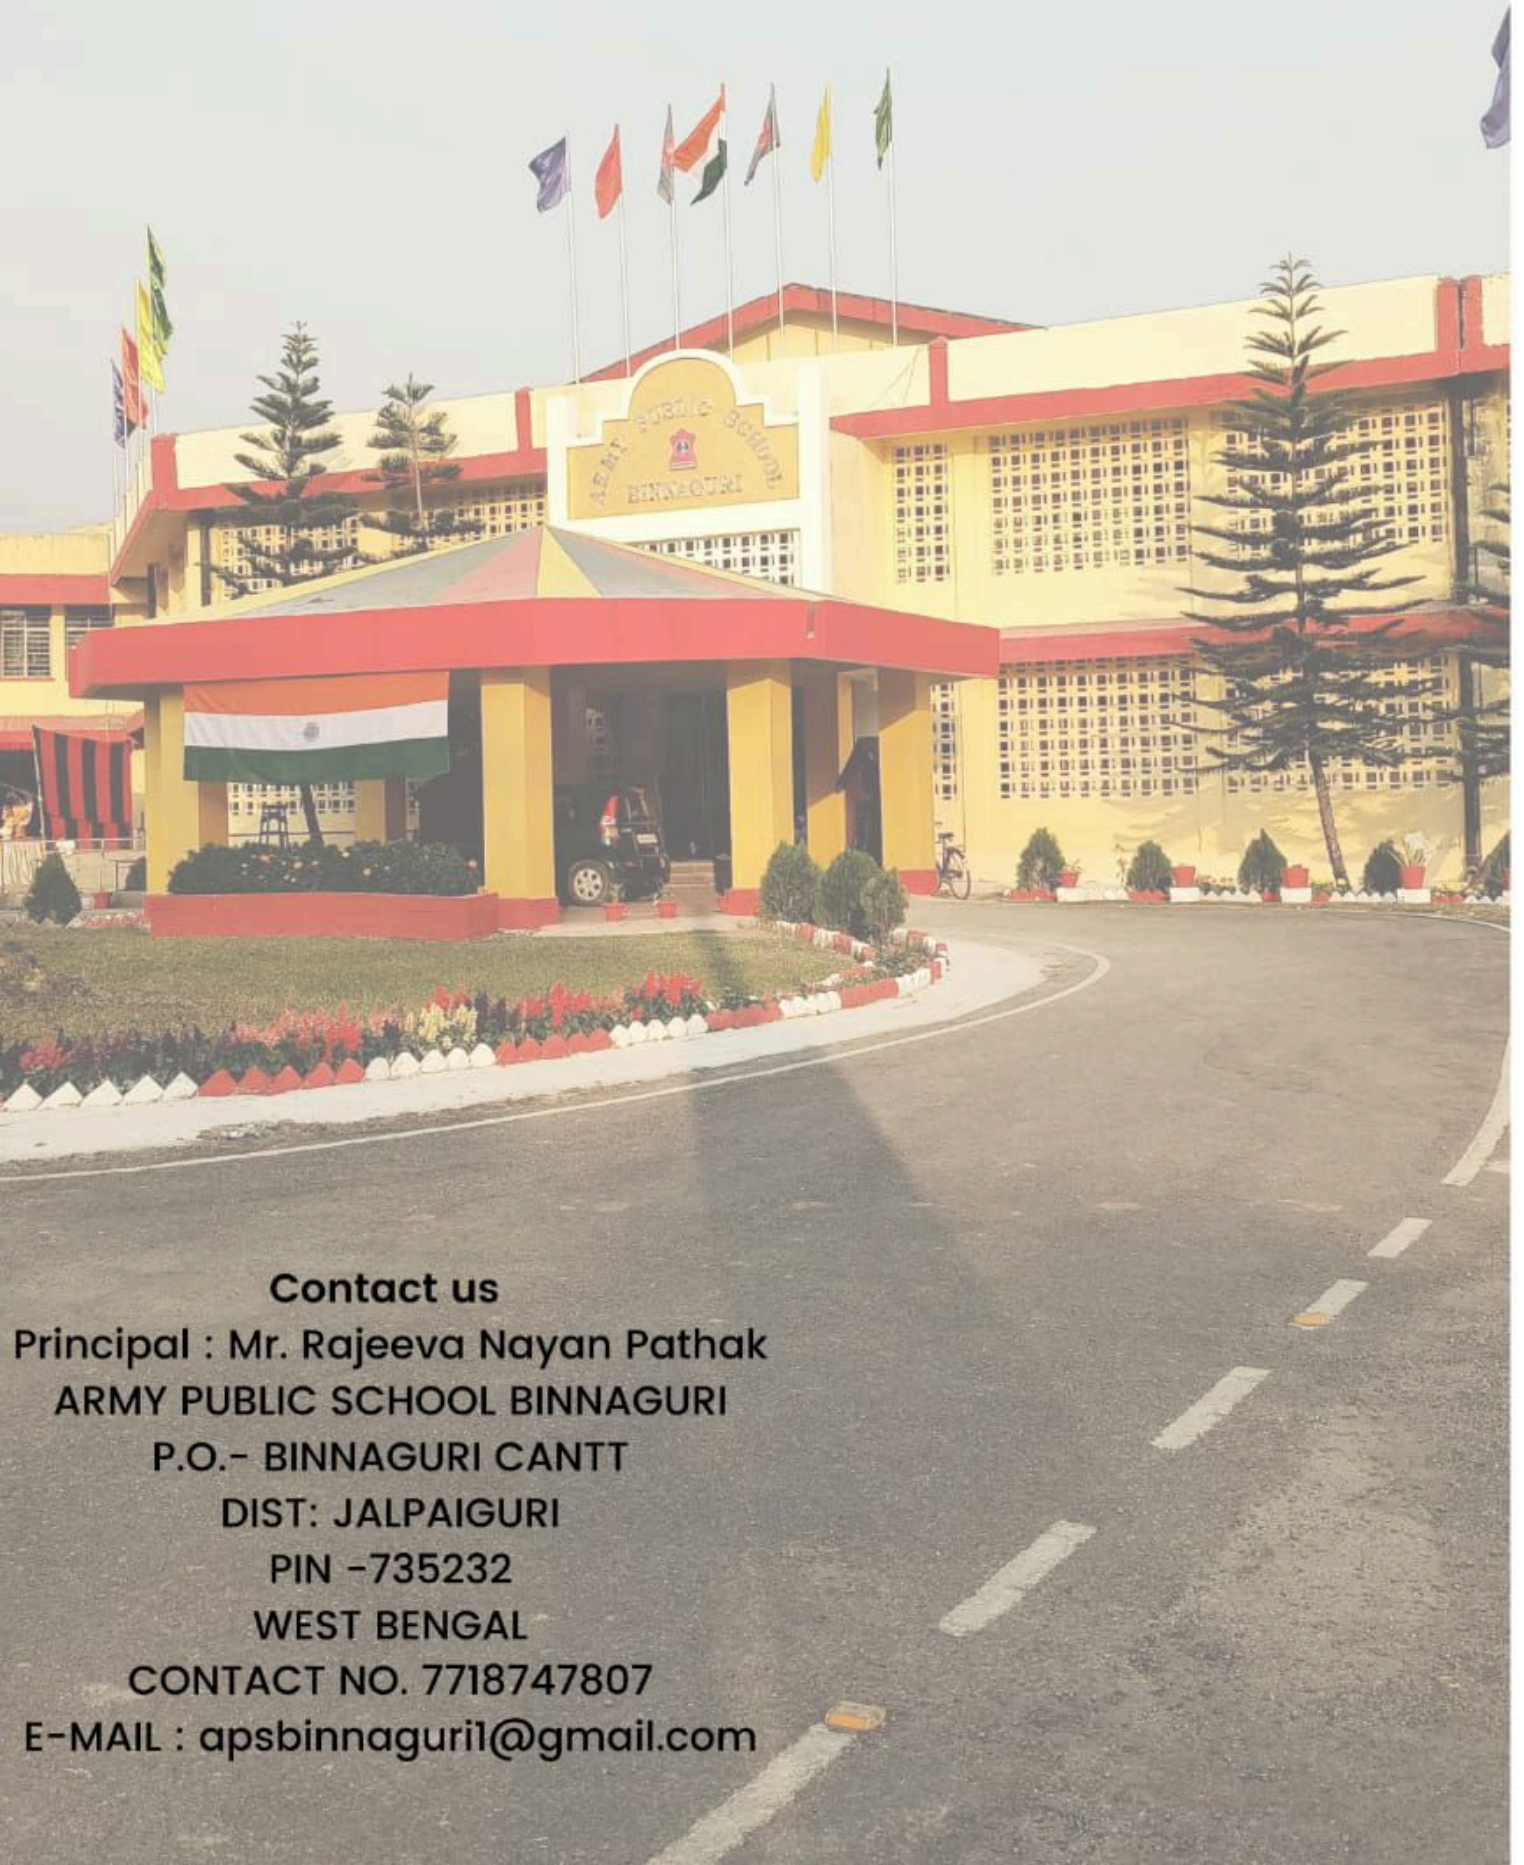

Let's see how charity is done in our school, APS Binnaguri. Our school has introduced "Wall of Charity" to encourage the work of Charity among students. The School has started this wall of Charity in the hope that those who are in the need of stationeries can take the same from the wall. We have two walls of Charity.

The incharge of these walls of charity is Mr. Bed Prakash Sharma. Every morning he puts some stationeries so that students who are in need of these items can pick them from the wall and use. The School has started this initiative to inculcate the value of Charity in our lives. Let's take a pledge to make proper use of these walls of Charity. We will spread the Awareness of Charity. We appreciate the efforts of our school.
